

TANYA AUDITION SIDES

Tanya

Crystal is the last person you should be worried about. Why did I get a call from the attendance lady saying you missed school! I told her that's not possible, I dropped her off at school myself this morning. Had me looking like boo boo the fool! So help me understand where were you?

IMANI

I was just... I was, um.....I went to the library with tiffany!

TANYA

The library? What, they're holding dance auditions in the nonfiction section now?

CRYSTAL

Oop, Not the Library. That's the best she came up with!

TANYA

You must really think I'm stupid don't you! You went to that audition, didn't you?

IMANI

Okay, fine! I went to the audition. But it's not a big deal!

TANYA

Not a big deal? You went behind my back! I specifically told you no!

IMANI

But why, Mom?

TANYA

Because I know this world, Imani! It's not as pretty as it looks, and I refuse to let you get eaten alive chasing after something that could hurt you.

IMANI

So instead, I'm supposed to just stand here and sweep hair off the floor for the rest of my life?

CRYSTAL

Oh, she's got some fire today!

TANYA & IMANI

Crystal!

Tanya

You don't understand what you're risking. This influencer thing you're chasing? It's all smoke and mirrors.

IMANI

But mom you don't understand!

TANYA

oh I understand perfectly, you deliberately disobeyed me when I told you not to! All this Detroit vibes stuff got you losing your mind! And I'm tired of the disrespect! Hand over that phone

IMANI

But mom!

TANYA

You heard me. Since you can't make good decisions with it, you don't need it. Hand it over.
