

VANESSA Audition Sides

You ever feel like you're in a room full of people, and somehow, you're still alone? Like, everybody's talking, making moves, chasing dreams... and you're just there? Khalil's out here leading protests. Imani and Tiffany are off to the party, dancing, laughing, living. And me? I'm just... *stuck*. Always being told you can't go! you wouldn't get it! it's not for you! And maybe they're right. Maybe I don't belong at the party. Maybe I don't belong on the show. Maybe I don't belong anywhere! But I see everything. And I feel everything. And I just... I just wonder if anybody ever sees *me*
