

TRINITY DUBOIS AUDITION SIDES

TRINITY

Nah... this gotta be a joke. This can't be happening.

(She keeps scrolling, reading faster now. Every comment about Imani makes her grip tighten around the phone.)

They really picked her? Over me? After everything I've done for this show? I been running this since day one. Every trend, every viral moment, every brand deal—me. Ain't nobody checkin' for Detroit Vibes if I'm not on it. First Napaway, then Malik, now this? They wanna act like I don't exist? Like I ain't been carrying this whole show on my back?

COMMENTERS

"She's old news now." "Imani's the fresh face." "Maybe it's time for Trinity to step aside."

TRINITY

Step aside?, Step aside? Nah. See, they got me messed up. Let them think I'm done. Let them think I lost. I am Trinity. And if I have to remind them who they're dealing with? Then somebody's getting hurt.
